

BUSINESS CONTINUITY MANAGEMENT SYSTEM POLICY

We at Vindhya Telelinks Limited are committed to meeting customer requirements & their expectation and therefore will manage disruptive incidents by:

- Complying with applicable legal, regulatory & contractual obligation, and reduce operational disruption risks to acceptable level.
- Controlling the business continuity related risks by way of proper business impact analysis, risk assessment and risk treatment plan.
- Continually improving the business continuity management system to ensure an effective response and recovery capability for managing the business disruption within acceptable timeline.
- Minimizing the impact on our stakeholders and business operations.
