If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that:

(A) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

(B) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

(C) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

15. The financial statements were approved by the Board of Directors in their meeting held on 10th July, 2026.

16. There is no matter after the balance sheet date which are required to be disclosed in the financial statement.

17. **Basis of Preparation of Financial Statements and Pending Legal Matters**

Since April 2021, the Company has been involved in various legal and regulatory proceedings initiated at the instance of some of the then directors of the Company, who acted in defiance of the wishes of the sole shareholder with a view to unlawfully usurping control and management of the Company. Their illegal and unauthorised action have resulted in proceedings before various judicial and regulatory authorities, including the Hon'ble High Court at Calcutta, the Hon'ble National Company Law Tribunal (NCLT), the Hon'ble National Company Law Appellate Tribunal (NCLAT), the Hon'ble Supreme Court of India, the Registrar of Companies (ROC) and other relevant authorities. Some of these proceedings are pending adjudication. The said delinquent Directors have since been removed from office or were not reappointed upon the expiry of their respective terms or have vacated their offices as directors of the Company in accordance with the applicable laws.

According to the present management, certain books of account, statutory records, electronic data, common seal and other corporate records of the Company have remained unavailable to the Company since 1st April 2021 as they continue to be in the unauthorised and unlawful possession of the said erstwhile directors. The Company has initiated appropriate legal proceedings seeking recovery of such records, damages and other consequential reliefs. These proceedings remain pending before respective judicial forum.

Further, the Company's bank and demat account(s) were illegally freezed by Axis Bank Ltd. vide its letter dated 9th June, 2021. The Company has challenged such illegal freezing of the bank and demat account(s) before the appropriate judicial forums and the related proceedings including for recovery of consequential damages, etc. continue to be pending.

In view of the above circumstances, the Management was initially unable to finalize the financial statements due to non-availability of certain information, including details relating to investments in mutual funds and confirmation of certain bank balance. However, the Management made its best efforts to obtain the necessary information and has accordingly prepared these financial statements based on the information received from the respective mutual funds and bank up to the date of finalization. The Management believes that the available information provides a reasonable basis for the preparation and presentation of these financial statements.

Where original accounting records were not available, management has exercised significant judgement and has relied upon alternative sources of evidence considered appropriate in the circumstances. The principal areas where such alternative evidence has been used are summarized below:

(i) Opening Balances

The opening balances of assets, liabilities and equity as at 1st April 2020 have been carried forward from the audited financial statements for the year ended 31st March 2020. Owing to the non-availability of the underlying books of account and statutory records, the present management has not been able to independently verify these opening balances.

(ii) Bank Balances and Mutual Fund Investments

Balances with Axis Bank Limited and investments in mutual funds have been recognized based on balance confirmation received from the bank, confirmations obtained from group entities, statements received from mutual fund houses and other supporting information available with the management. Detailed bank statements for the period from 1st April 2020 onwards were not provided by Axis Bank Ltd. despite several requests by the authorised officials of the Company. Based on the information presently available, management believes that any differences, if any, are not expected to be material to these financial statements.

(iii) Investments in Equity Shares

The Company's investment holdings have been recognized on the basis of certified shareholding confirmations obtained from the respective investee companies, as the relevant demat records and supporting documents were not available to the management due to illegal and arbitrary freezing of demat account by Axis Bank Ltd.

NIMIT BANSAL & Co. INDIA Chartered Accountants

August Agents Limited

(iv) Amount Recoverable from Erstwhile Directors

The balance disclosed under Other Current Assets represents amounts which, based on the information presently available and management's assessment, are considered recoverable from certain erstwhile directors. The recoverability of these amounts will be subject to the outcome of the pending legal proceedings.

Except for the matters described above, the remaining assets, liabilities, income and expenses have been recognized on the basis of the records, confirmations and other evidence available with the management.

The management has assessed the available information and believes that the financial statements have been prepared on an appropriate basis in accordance with the applicable financial reporting framework. However, the ultimate resolution of the pending legal proceedings and the recovery of the Company's books of account and statutory records may require consequential adjustments, if any, to the carrying amounts, disclosures and other information contained in these financial statements. The nature and extent of such adjustments, if any, are presently not determinable.

The continued non-availability of certain books of account and statutory records has also affected the Company's ability to comply fully with certain procedural requirements under the Companies Act, 2013, applicable NBFC regulations, the Income-tax Act, 1961 and other applicable laws. The management intends to complete all pending statutory compliances, wherever required, upon obtaining access to the relevant books and records.

In the opinion of the management, notwithstanding the above circumstances and limitations, sufficient and appropriate information was available to prepare these financial statements in accordance with the applicable financial reporting framework, and the accompanying financial statements present a true and fair view based on the information presently available.

The financial statements should therefore be read together with the above facts and circumstances, which involve significant management judgement and estimation uncertainty arising from matters that remain sub judice before the judicial and other relevant authorities.
